An Innovative Formula

The Fresh Market Conference was created in response to the changing needs of the Fruit and Vegetable market. The Innovative formula of the Conference, as opposed to the formula of a traditional Fair, being a Commercial Trade Centre gives you an opportunity to establish business contacts directly with the biggest retail chains, present your offer to the Buyers and set the conditions of cooperation all in one day.

Meet the Experts

Discussion Panels between Industry's Experts during which you can find out about the current trade situation in the Fruit and Vegetable Industry, observe price analysis and forecasts for the upcoming season are an additional attraction of the Conference. Furthermore, during the Discussion Panels you will have an opportunity to ask the Industry's Experts questions of your interest, get professional support and advice for your company.

Enormous advertising surface

The Fresh Market Conference is also an opportunity to present and advertise your products - in the Conference Brochure, during a lecture of your own or by purchasing a sponsor package. The Conference is widely promoted in the foreign trade media.

Banquet

[An exclusive Banquet](#) that takes place after the Conference presents an occasion to establish less formal contacts, strengthen new business relations in a unique atmosphere of the Mazurkas Hotel.
